PADI Advanced Open Water Course

Looking for the ultimate adventure? You found it! PADI's Adventures In Diving program fine-tunes your dive skills and allows you to explore all that diving has to offer. The Adventures In Diving program offers you a structured program where you gain additional experience and skills under the guidance of a PADI Professional.

PADI's Adventures In Diving program has something for everyone. This inwater, performance-based program includes dives from the following:

Boat Diver	Boat Diver
Drift Diver	Deep Diver
AWARE Fish Identification	Dry Suit Diver
Multilevel Diver	Night Diver
Peak Performance Buoyancy	Search and Recovery
Underwater Naturalist	Wreck Diver
Underwater Photographer	Underwater Navigator

If you're at least 12 years or older and a PADI Open Water Diver or Junior Open Water Diver (or equivalent), then you're ready for the PADI Adventures in Diving program.

The PADI Adventures in Diving program offers two certification options. Complete any three Adventure Dives to earn the PADI Adventure Diver rating. Complete the Deep and Underwater Navigation Adventure Dives and three additional Adventure Dives (five total) and earn a PADI Advanced Open Water Diver certification. Divers between the ages of 12-14 can earn a Junior Advanced Open Water Diver rating. The maximum recommended depth for adventure dive is 30 metres/ 100 feet.

What's more, PADI Adventure Dives also counts towards PADI Specialty Diver certifications. For example, if you like night diving and want to earn your PADI Night Diver rating, your Night Adventure Dive counts as the first dive of the specialty.

So what does Adventures in Diving offer you? New experiences, new skills, lots of diving and thrilling adventures. Contact Forward Diving for more information on PADI's Adventures in Diving program and Adventures in Diving materials.
