

The PADI Advanced Plus Course

Free Adventures in Diving Information Package

Further to the Advanced Open Water course is the Advanced plus course, which increases your knowledge and experience to a new level. To be awarded the Advanced Plus rating successful completion of the following must be gained:

Two core dives - Navigation and Deep

Seven elective dives - 4 more elective dives than the 3 completed for Advanced Open water diver.

A sanctioned CPR and first aid course within the past three years - completion of the Medic First Aid course (soon to be Emergency First Response course) is highly recommended.

Advanced Plus diving theory completed - The candidate must complete either the self study Diving Knowledge workbook or attend knowledge development sessions in:

Diving Physics

Diving Physiology

Scuba Equipment

Diving skills and environment

Recreational Dive Planner

Looking for a new challenge? You found it! PADI's Advanced Plus course fine-tunes your dive skills and allows you to explore all that diving has to offer. The Adventures In Diving program offers you a structured program where you gain additional experience and skills under the guidance of a PADI Professional.

PADI's Advanced Plus program has something for everyone. This inwater section includes dives from the following:

- | | |
